

# Notice

## To All Oakridge Tenants

As previously announced, please be aware that Oakridge must begin monthly space-rent collections as of November 1, 2009 on all spaces, occupied or not, which are then still subject to a Rental Agreement or a reservation. At the time of the fire, all spaces were subject to rental agreements. Since then, Oakridge has asked those tenants who did not intend to return to the park to sign a formal “Notice of Vacating Tenancy” form, whereby those tenancies were voluntarily terminated. Subsequently, many of the spaces on which tenancies were voluntarily vacated have been reserved by others for the purpose of eventually moving into a new home there; those spaces are among those for which rent will be charged beginning November 1. Prior to that date, space rent begins 20 days after the arrival of a new home on the space, also as previously announced.
